VOL. IX. NO. 228.

SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, AUGUST 26, 1914.

50 CENTS PER MONTH

AUDITOR'S, SHERIFF'S AND JUDGES' CONTESTS GO ON INTO NOVEMBER

Williams, Sleeper, Mitchell, L. A. West, Miss Whitney, Winbigler, Talbert, Struck and Leck Elected

Fifty-seven precincts out of seventy-three in the county show the following totals:

For Superior Judge:
R. V. Williams, 3,009.
L. A. Daniel, 706.
W. F. Heathman, 1,255.
W. H. Thomas, 3,413.
Z. B. West, 3,544.

For District Attorney:
E. J. Marks, 2,791.
L. A. West, 3,800.

For County Clerk:
P. S. Roper, 1,420.
W. B. Williams, 4,888.
A. Hoffmaster, 399.

For Superintendent of Schools:
R. P. Mitchell, 4,187.
Mrs. Viola S. Norman, 2,283.

For Sheriff:
Bruce Anson, 327.
C. E. Jackson, 2,800.
C. E. Ruddock, 2,236.
H. A. Wassum, 1,397.

For Auditor:
C. D. Lester, 2,543.
Mrs. C. H. Wilson, 1,273.
W. C. Jerome, 2,820.

For Treasurer:
J. C. Joplin, 5,847.
D. E. Smith, 1,211.

For Assessor:
James Sleeper, 5,299.
E. L. Vegely, 987.

For Recorder:
Miss Justice Whitney, 3,843.
J. M. Backs, 2,235.

For Coroner and Public Administrator:
T. A. Winbigler, 3,513.
Dr. D. W. Hasson, 2,498.

Justice of Peace, Santa Ana:
J. B. Cox, 1,349.
Geo. Huntington, 947.

Constable, Santa Ana Township:
W. R. Coleman, 1,455.
F. W. Heard, 1,007.

Other Candidates:
S. A. Clark, 632.
C. I. Pond, 544.
Henry Isenberg, 484.
A. K. Cravath, 391.

By yesterday's election every county officer whose position was at stake was re-elected except Sheriff Ruddock, Auditor Lester, and Superior Judges Z. B. West and W. H. Thomas. Under the law, West and Thomas necessarily would have to continue their fight in November. By reason of the fact that in the sheriff's fight and in the auditor's fight no candidate got a majority of all votes cast, those contests are to go to November.

W. C. Jerome is leading Lester for auditor by about 500 votes, which lead will be increased when the remaining eight precincts of Santa Ana are brought in, but because of the fact that Mrs. C. H. Wilson, Socialist candidate, will have no less than 1400 votes, Jerome cannot end the fight at this time. The vote given Mrs. Wilson was a surprise. Other Socialists got from 325 to 375 votes. Evidently the fight made for other women candidates gave Mrs. Wilson strength.

At noon today W. H. Thomas was leading in the judgeship count, though when the totals as given herewith were made Judge West was in the lead. R. V. Williams is third with Thomas and West leading him by about 450.

The Heathman and Daniel vote was light. Hats off to James Sleeper and W. B. Williams. Sleeper received a larger vote than any other candidate for a contested office. Sleeper defeated Vegely for assessor by a vote of between five and six to one. Williams defeated P. S. Roper for clerk by a vote of three and a half to one. Mitchell got a heavy vote for superintendent of schools and Miss Whitney for recorder.

The sheriff's fight finds Jackson in the lead by 700 votes, with Wassum out of the fight for November.

One of the fights that has been decisively ended is that for district attorney, L. A. West having a lead of well over 1900 over E. J. Marks of Fullerton. This is the first time in the history of Orange county that a district attorney has been re-elected, though several have tried it.

J. C. Joplin for treasurer, J. C. Lamb for tax collector and J. L. McBride for surveyor were practically elected before the primaries, Lamb and McBride having no name against them at the polls.

On account of an error Santa Ana No. 14 has had to commence at the beginning and re-count its ballots. Seven Santa Ana precincts were not in at 1:30 o'clock.

Heads of Ticket. Frederick for governor and Knowland for United States senator were easily the favorites among the Republicans, John M. Eshleman getting the lead in this county for the Republican nomination for lieutenant governor.

The totals of about two-thirds of the precincts of the county show the following vote:

Republican Nomination for Governor: Belshaw, 100; Fredericks, 1,496; Keessing, 270; Ralston, 203.

Lieutenant Governor: Bauer, 272; Eshleman, 618; Shinn, 359; Ward, 326; Mrs. Williams, 483.

Secretary of State: Jordan, 1,519; O'Brien, 497.

Commissioners: Chambers, 722; Stockwell, 1,100.

United States Senator: Knowland, 1,218; Stroudridge, 684.

Congressman: J. C. Needham.

In the Democratic count for candidate for United States senator the vote stood: Griffin, 239; Phelan, 560.

Among the Progressive figures are: For governor, Johnson, 920; for lieutenant governor, Eshleman, 856; for secretary of state, Murphy, 156 and O'Brien, 627; for United States senator, Heney, 827 and Rowell, 12.

Supervisory Figures
The figures by supervisory districts for the three contests, in which Supervisors Talbert of Huntington Beach, Fred Struck of Orange and Jasper Leck of Tustin were re-elected, are complete except for the report on Talbert from Garden Grove. Talbert is leading in the count in that precinct, and is conceded to be re-elected.

By precincts the three districts voted as follows:

Second District (Complete)

Moore Talbert Van Winkle Whites

Bay City 11 42 4 60
Bolsa 71 54 1 126

WAR BRIEFS

Italy Not to Mobilize Yet

LONDON, Aug. 26.—A dispatch to the Times from Rome says the Italian premier, Senor Salandra, assured a committee of deputies that no mobilization was imminent in Italy, and that if it did occur later it would not mean any abandonment of Italian neutrality.

Brussels Paying Indemnity

LONDON, Aug. 26.—A dispatch to the Times from Brussels says that \$4,000,000 toward the war indemnity of \$40,000,000 demanded of the city of Brussels by the Germans has been paid.

Japan Lands Troops

PEKIN, Aug. 26.—That Japanese troops have landed on the Shantung peninsula close to Kiau Chau Bay, was learned by the foreign office today. The landing was effected under cover of light draft British cruisers, which ran in as close as they dared on account of the German-laid mines. Ten of the British were killed.

Surprised British Bathers

PARIS, Aug. 26.—Surprising the Eighteenth British Hussars while the troops were bathing in a river, a body of German cavalry inflicted heavy losses on the Britons, the war office announced today. Those bathers who survived the first attack, seized their weapons and stood off the charge of the Germans until help arrived.

JAPAN CABLES CENSORED

NEW YORK, Aug. 26.—The Commercial Cable Company announced yesterday that code cablegrams are now accepted for Japan, subject to censorship and senders' risk.

100,000 Boy Scouts Called for

In response to a call by General Baden-Powell for one hundred thousand boy scouts for semi-military duty in England, thousands of boys have volunteered today.

COURT HOUSE AT BRUSSELS, THE CAPITAL OF BELGIUM, AND VIEW OF CITY WHICH GERMANS HAVE CAPTURED

The capture of Brussels, the beautiful capital of Belgium, by the Germans has resulted in severe trials for the historic city. Famine menaces the people on account of the increased food demand made by the

German troops infesting the city. A war indemnity of \$40,000,000 has been exacted of Brussels by Germany, \$4,000,000 of which has just been paid.

The photograph above shows the

national capitol and a part of the city surrounding it. When it became apparent that Brussels was likely to fall into the hands of the Germans, all state documents and impedimenta were removed to Antwerp, the king and queen and court

also taking up quarters in the temporary capital which is strongly fortified. The Germans promised, in consideration of a peaceful turning over of Brussels, that the historic buildings of the city should be preserved.

ALLIES SAID TO HAVE BEATEN GERMANS BACK INTO BELGIUM

GERMANS REPULSED WITH HEAVY LOSS

RUSSIAN ARMIES PUSHING GERMANS

WAR MAY BE FOUGHT ON FRENCH FRONTIER

PARIS WILD WITH JOY OVER SUCCESS

LONDON, Aug. 26.—The official war information bureau issued the following statement today: "The Germans attacked the French today in force along the frontiers of Alsace and Lorraine but were repulsed with the heaviest of losses. Fighting is still in progress."

Panic in Berlin
COPENHAGEN, via London, Aug. 26.—That the Russian invasion of East Prussia has threatened panic in Germany is admitted in Berlin, according to advices received by the way of the frontier today. Many rich Germans are fleeing to Scandinavia.

Baltic Sea Fight
LONDON, Aug. 26.—A news agency reports a clash between Russian and German warships has taken place in the Baltic. The report is not official.

German Advance Like River
LONDON, Aug. 26 (2:50 a. m.)—A dispatch from Mons to the Daily Telegraph describes the operations of the German forces.

"The German advance," it says, "was like a great river bursting its banks. As soon as the Belgians retired to the entrenched camp at Antwerp the German horde swept over the country without check, westward Ghent and south toward Mons."

"The Germans are committed to a great turning movement. They are striving to hold the French along the Meuse between Namur and Dinant, while the armies to the west of that river are marching southward along a front many miles wide."

Ostend dispatches stated that the Germans in Belgium, along the French frontier, are again attacking the allies furiously.

Bombardment of Cattaro
ROME, Aug. 26.—A dispatch to the Corriere d'Italia from Antivari, Montenegro, says the fortifications of Cattaro, the Austrian seaport in Dalmatia, on the Adriatic, have been completely destroyed and that the Austrian commander is now parleying for terms of surrender.

The bombardment of Cattaro was conducted by a fleet of the allies.

British Warships Off Ostend
FOLKESTONE, England, Aug. 26.—Steamships from Ostend today reported that British warships are off that port. It is expected they will shell the Germans if they attempt to occupy Ostend.

ST. PETERSBURG, Aug. 26.—Two Russian forces with bases at Gumbinnen and Biala are co-operating today in an effort to drive the Germans from the lake region of East Prussia. The Russian lines, stretched through sixty miles of marshy and wooded country, were pushing steadily forward. The Germans, entrenched in numerous positions, were holding them as long as possible, then blowing up their defenses before retiring. The Russian plan was to overwhelm the Germans from the flanks, instead of attempting a frontal attack. The real struggle along the Vistula river. They are confident of carrying them. Should they succeed, the situation for the Germans will immediately become serious, as it will open the way to Berlin.

Belgrade Being Shelled
NISH, Serbia, Aug. 26.—The latest information received here is that the bombardment of Belgrade is still most severe. Shells of large caliber are doing immense damage. Hardly one building remains undamaged. The palace has been partly burned down. Antwerp, the great modern defense line of Laferre-Lacon, Rheims and Chalons, but if the French are compelled to fall back upon it the probabilities are the backbone of their field army will have been broken.

Stars and Stripes in War
PARIS, Aug. 26.—The Stars and Stripes were seen on the streets of Paris yesterday alongside the French tricolor when the corps of American volunteers, 200 strong, marched through the city to the St. Lazare railroad station to take a train for Rouen, where they will be drilled under French officers. Among the American volunteers are many young men who have been studying in Paris. Three troop trains will take the Americans, together with some other foreign volunteers, to the north.

PARIS, Aug. 26.—Paris went wild with joy tonight over the reports of the allies' success in today's fighting against the Germans. The allies were said to have more than held their own today in the bitter fighting for the gateway to Paris; to have repulsed the Germans at Maubeuge and Givet with wholesale slaughter, and to have driven them back into Belgium. Stories are also current of overwhelming Russian victories in eastern Germany and Austria.

Terrific Fighting
PARIS, Aug. 26.—Terrific fighting raged along the eastern frontier of France today. The heaviest fighting was at Maubeuge, Givet and Montmédy, west of Lunéville. The general staff reported frightful slaughter. The German Crown Prince is said to be commanding the Kaiser's soldiers. The report said they were charging desperately in the face of a hurricane of lead, with corpses piled breast high in front of them. Refreshed by a short rest, the Germans came on more savagely than ever. Paris was their goal. Their recklessness was incredible.

The British are holding Givet despite repeated German charges.

Official Reports
PARIS, Aug. 26.—The war office has issued the following official announcement:

"The commander in chief, requiring all available forces on the Meuse, has ordered the progressive abandonment of occupied territory."

"Mulhausen again has been evacuated."

"A new battle is in progress between Maubeuge, department of the Nord, and Donon, in central Vosges. On it hangs the fate of France."

"Operations in Alsace along the Rhine would take away troops upon which might depend victory."

"It is necessary that they all withdraw from Alsace temporarily in order to insure its final deliverance. It is a matter of hard necessity."

How Troops Are Massed
"West of the Meuse, as a result of orders issued on Sunday by the commanding chief, the troops which are to remain on the covering line to take up the defensive are massed as follows:

"The French and British troops occupy a front passing near Givet, which they gained by hard fighting."

"They are holding their adversaries and sharply checking their attacks."

"East of the Meuse our troops have regained their original positions, commanding the roads out of the great forests of Ardennes."

Enemy Assumes Offensive
"To the right we assumed the offensive, driving back the enemy by a vigorous onslaught, but General Joffre stopped pursuit so as to re-establish his front along the line decided on Sunday. His troops showed admirable dash."

"The Sixth corps notably inflicted punishment on the enemy close to Vitton."

"In Lorraine the two armies have begun a combined attack, one starting from Grand Couronné de Nancy and the other from south of Lunéville."

"The engagement which began yesterday continues at the time of writing. The sound of cannonading is not heard at Nancy as it was yesterday."

Fredericks Undoubtedly the Republican Nominee to Oppose Gov. Johnson

ESHLEMAN IS CONCEDED AS NOMINATION WINNER

Primary Result Shows Thousands of Progressives Registered as Republicans

Editorial Note—Wiring from San Francisco today, J. P. Baumgartner, editor of the Santa Ana Register, says:
"The Eshleman Republican vote proves the Register's claim that thousands of Progressives registered as Republicans, and the triple nominations of Chambers and Richardson, Johnson appointees, constitute a non-partisan endorsement of the Johnson administration. The returns continue to justify these conclusions."

SAN FRANCISCO, Aug. 26.—incomplete election returns today indicated that John D. Fredericks of Los Angeles is certain of the Republican gubernatorial nomination. Gov. Hiram Johnson, unopposed, was nominated by the Progressive. Fred H. Hall and John B. Curtin are running close for the Democratic nomination with the result in doubt. John M. Esleman was nominated by both Progressives and Republicans for lieutenant governor.

The following state and judicial officers have been nominated, although complete figures may change some smaller details: Secretary of State—Frank C. Jordan, Republican; P. J. O'Brien, Progressive; Ethel Lynn, Socialist; Gabrielle Stickney, Prohibition. Controller—John S. Chambers, Republican, Progressive, Democratic; A. E. Briggs, Socialist; Horace Johnson, Prohibition, Attorney General—U. S. Webb, Republican, Progressive, Democratic; Walter Dunn, Socialist; James H. Elsenhard, Prohibition. Treasurer—Friend W. Richardson, Republican, Progressive, Democratic; George W. Woobey, Socialist; Albert Spalding, Prohibition. Surveyor-General—W. S. Kinsbury, Republican, Progressive, Democratic; John H. Kendall, Prohibition. Chief Justice of Supreme Court—(Non partisan), Frank H. Angelotti and William M. Conley. Associated Justice of Supreme Court—(Non partisan), John D. Murphy and Lucien Shaw.

Heney is Easy Victor

Indications at noon were that Francis J. Heney was an easy victor over Chester H. Rowell for the Progressive senatorial nomination. He will be opposed by Joseph R. Knowland, Republican, and James D. Phelan, Democrat. In the Ninth Congressional district, Frank C. Roberts is leading for the Republican nomination by a good margin. He will be opposed by C. W. Bell, Progressive, and Charles Randall, Democrat. In the Tenth Congressional district the list is: S. Z. Osborne, Republican; W. D. Stephens, Progressive. Nathan Newby, Democrat, will probably be nominated.

Joseph Ford gets the Republican nomination and Thomas Woolwine the Independent nomination for district attorney in Los Angeles county. Sheriff Hammel was probably elected at the primaries.

Under to insure its final deliverance. It is a matter of hard necessity.

How Troops Are Massed
"West of the Meuse, as a result of orders issued on Sunday by the commanding chief, the troops which are to remain on the covering line to take up the defensive are massed as follows:

"The French and British troops occupy a front passing near Givet, which they gained by hard fighting."

"They are holding their adversaries and sharply checking their attacks."

"East of the Meuse our troops have regained their original positions, commanding the roads out of the great forests of Ardennes."

Enemy Assumes Offensive
"To the right we assumed the offensive, driving back the enemy by a vigorous onslaught, but General Joffre stopped pursuit so as to re-establish his front along the line decided on Sunday. His troops showed admirable dash."

"The Sixth corps notably inflicted punishment on the enemy close to Vitton."

"In Lorraine the two armies have begun a combined attack, one starting from Grand Couronné de Nancy and the other from south of Lunéville."

"The engagement which began yesterday continues at the time of writing. The sound of cannonading is not heard at Nancy as it was yesterday."

WEATHER FORECAST
Fair tonight and Thursday; light west winds.

GEN. JOFFRE, FRENCH COMMANDER-IN-CHIEF, ASKING ARTILLERYMEN ABOUT THEIR EFFICIENCY

Gen. Joffre, commander-in-chief of the French army, has gone to the front to check the advance of the Germans—or to lead his forces on to Berlin in answer to the cry of the Parisian mob the night Germany declared war on Russia.

Since most of the fighting seems to be in Belgium it was considered likely that he would march in with the French army headed to help King Albert maintain his wonderful stand against the determined and relentless attack of the Germans on Liege.

Effect of the War on Supply of Potash Salts

Outside of Germany there is no known commercial supply of potash salts. If the German supplies are cut off during the European war, the agricultural world must either go without potash salts or find the meager supply now on hand is exhausted or be striven to find another adequate source of supply. Already many inquiries regarding potash have been addressed to the United States Geological Survey, and the fertilizer journal reports that small quantities of spot material are changing hands at sharp premiums. The situation is undoubtedly more acute than it was a few years ago, when national interest was first awakened to the fact that the United States is entirely dependent on Germany for this important class of fertilizer materials.

Wide Use of Potash Salts
Potash salts are employed in many industries other than the fertilizer industry. A large amount is used in glass and soap making and in the manufacture of a number of chemical products. These include potassium hydrate, or caustic potash, and the carbonate and bicarbonate of potash, used principally in glass and soap making; the potash alums; cyanides, including potassium cyanide, potassium ferrocyanide, and potassium ferricyanide; various potash bleaching chemicals, dye stuffs, explosives containing potash nitrate, and a long list of general chemicals.

The Work of the Geological Survey
The needs of the manufacturers and the farmers of the country are well known and keenly appreciated by the Geological Survey. Since the question

of a domestic supply of potash salts has become of public interest, the government has endeavored to locate deposits in this country, and has followed up every clue that seemed to promise results of importance. The survey's work has extended from New York to California and from Michigan to Louisiana, and has covered all branches of investigation where results might be expected, exclusive of the study of kelp. Its investigations have been carried out along several lines. (1) Deep drilling for saline residues has been done at Fallon and, during the past year, in Columbus Marsh and Black Rock Desert, Nevada, and will be continued in Black Rock Desert this year. (2) Natural and artificial brines and bitterns have been collected at all the salt-making establishments in the United States and a great many other localities, and examined. (3) Deposits of alumina and other minerals, containing potassium, have been investigated in Utah and other states. (4) Certain occurrences of igneous rock known to contain considerable quantities of potash salts have been examined. Much work has also been done by private initiative along practically all the lines mentioned above. The Bureau of Soils, of the Department of Agriculture, has investigated the kelps. The work is not yet finished and will be pushed with increased vigor, provided the necessary funds are supplied.

To all those interested in the subject, the Geological Survey will be pleased to send free of charge the available reports which have been issued on potash salts. Inquiries should be addressed to the Director, U. S. Geological Survey, Washington, D. C.

Extent of Imports
The imports of potash salts, listed as such in the reports of the Bureau of Foreign and Domestic Commerce, include the carbonate, cyanide, chloride, nitrate and sulphate, caustic potash, and other potash compounds. The importation of the above salts in round numbers the last three years has averaged 635,000,000 pounds in quantity and \$11,000,000 in value. These figures, however, represent only a part of the potash salts entering the United States, as they do not include the imports of kainite and manure salt, which are used in fertilizers. The quantity of this class of materials imported for consumption in the United States during the last three years has averaged about 700,000 tons valued at \$4,300,000 annually. Thus it is apparent that the annual importations of potash salts exceed \$15,000,000.

GOV. BLEASE DEFEATED IN RENOMINATION RACE

SPARTANBURG, S. C., Aug. 26.—Democratic voters of South Carolina today heeded Senator Benjamin Tillman's appeal not to "disgrace the state" by sending Governor Cole L. Blease to the United States senate. Returns from the primary election indicate that the governor has been defeated for the senatorial nomination by Senator Ellison D. Smith by at least 10,000 majority.

Bleasure lost his home county of Newburg, which for many years gave almost every office for which he asked.

STATE'S OUTPUT OF GOLD IN 1913 THE LARGEST IN YEARS

The value of the recoverable gold, silver, copper, lead, and zinc produced in California in 1913, according to Charles G. Yale, of the United States Geological Survey, was \$26,812,489, compared with \$26,383,946 in 1912 and \$25,174,677 in 1911. Except in zinc there was an increase in the output of all these metals, although the tonnage from deep mines showed a decline and there were fewer mines reporting production than in 1912.

The mine production of gold in 1913 was \$20,406,958—\$693,480 more than in 1912, an increase of 3.52 per cent. The deep mines of the state produced \$11,570,781, or 56.70 per cent of the total. The increase in gold from deep mines for the year was \$502,966, or 4.54 per cent. The placer mines produced \$8,836,177 in gold, an increase of \$190,514, or 2.20 per cent.

This output of gold in California was the largest in 31 years, the yield in 1883 having been \$24,313,873. Only three times in 49 years has the gold output exceeded \$20,000,000, and if the year 1883 is excluded, the gold output in 1913 was higher than it has been since 1864. The gold is now derived from extensive operations rather than from efforts of individuals or numerous small enterprises. Some of the deeper quartz mines are working as good ore at vertical depths of 2000 to nearly 4000 feet as was found near the surface. The dredgers are now producing 91.56 per cent of the placer gold from ground which was formerly considered worthless for mining, as being too poor in gold, having no "tail" or no drainage, and on which water could not be used advantageously on any scale under the old systems of gravel mining. There are now 63 dredgers in operation in California, and since the beginning of operations with these machines in the state 15 years ago, the dredge gold output has reached a total of \$63,395,485. From a production of \$206,362 in 1890 the annual output from gold dredges reached in 1913 the sum of \$8,090,294, which is 39.64 per cent of the total gold yield of the state and 91.56 per cent of the total output of placer gold. The hydraulic mines produced \$329,300, or 3.73 per cent of the total production of gold in the state in 1913, the drift mines producing \$192,538, or 2.18 per cent; and the surface or sluicing mines produced \$224,045, or 2.53 per cent.

There are 410 deep mines reporting production in 1913, a decrease of 122 compared with 1912. A total of 2,495,958 tons of ore was treated in 1913, a decrease of 145,539 tons. The siliceous ore treated at gold and silver mills, amounted to 1,905,258 tons, yielding \$8,469,245 in gold, or \$44.40 an ounce in bullion. From this ore were derived 32,652 tons of concentrates, which contained \$2,063,656 in gold, or \$63.29 a ton. The average value in gold and silver in the ore milled was \$5.57 a ton, of which \$5.52 was in gold and 5 cents in silver. The 531,189 tons of ore sent to smelters produced \$849,030 in gold, or \$1.58 a ton; and the treatment of 59,511 tons of old tailings yielded \$197,859 in gold, or \$3.32 a ton. Of the total recovery of gold in bullion from ore treated at gold and silver mills, \$1,925,279 was won by direct cyanidation and \$7,443,966 by amalgamation. The total recovery of gold by the cyanide process, including that recovered by the treatment of old tailings, was \$1,289,355.

The production of silver at mines in California in 1913 was 1,378,399 fine ounces, valued at \$832,503, an increase of 78,263 fine ounces in quantity and of \$32,969 in value. Much the larger portion, 1,158,517 fine ounces, valued at \$629,745, was derived from crude ores. Shasta county, as usual, was the largest producer of silver, making an output of 765,634 fine ounces, valued at \$426,205, from the smelting of copper ores, 35,295 fine ounces from siliceous ores, 745 fine

ounces from placers, and 99 fine ounces from lead ores—a total yield for the county of 741,773 fine ounces, valued at \$448,031. The deep mines of the state produced 1,343,020 fine ounces of silver, valued at \$811,184, and the placers produced 35,379 fine ounces, valued at \$21,369.

"Harry's Waterloo"—Thanhauser Comedy—Princess.

Too Late to Classify

FOR EXCHANGE—5 acres set solid to Valencia oranges, over 400 large thrifty 5 year old trees, near Anaheim, good location, fine soil, abundance water. Price only \$7500, clear. Will consider residence in any good town to \$5000.00. For this and other good buys in country property see Orange County Realty Co., 120 East Center St., Anaheim, Cal.

FOR SALE—We have six 5 ft. and two 8 ft. floor show cases which we will sell cheap. Taylor's Cash Store, corner of Fourth and Bush Sts.

FOR SALE—Fine dry onions, \$1.75 per 100 pound sack, 50c more delivered. Phone 455W1.

FOR SALE OR TRADE—1913 model DeSoto roadster, for good team of mules or mare, 1126 West Sixth St., or Phone 1035M.

FOR SALE—Mate collier, whelped May 17th, sired by Champion Southport, Safety, Ex-Handsome Saxon, grand sire the great Southport Saxon. If you are looking for quality he will suit you. Cheap. 206 Ross St., Apt. 16.

WANTED—Two young men to room and board. Must carry lunches. Phone 628W evenings.

FOR SALE—7 shares S. A. V. I. Co. water stock for run No. 3. Phone 757W3.

WANTED—Automobile roadster or car suitable to cut down for roadster. THE REGISTER

Presents It to You for Only 10 Cents

BY MAIL City or country, far or near, for the coupon, 12 Cents with coin or stamps amounting to

The WAR MAP, in FIVE COLORS, was originally made in EUROPE by the expensive wax process, as clear and smooth as a steel engraving, and the most accurate process ever discovered for map making. The colors are distinctive, and all rivers and mountain ranges are clearly outlined. The type is all large and distinct and every city and town of importance is plainly indicated. Cheaply drawn maps cannot possibly give the infinite detail shown on this authentic map.

Don't Get a Cheap Map in Two or Three Colors When You Can Get This FIVE-COLOR MAP for 10c.

WAR CHARTS

The big war map is 18½x 16½ inches, and contains ALL the war area. Then there are NINE CHARTS showing fortified towns, naval area, big battle ground plans, and ALL of the big war capitals in detail. Everything is fully covered, from the rock of Gibraltar to the Ural Mountains.

GERMAN ARTILLERY OFFICERS FINDING RANGE FOR THEIR GUNS—DANGEROUS WORK

The officers of the German army are the men who take the risks. They are in more danger than the privates. The officers shown here are commanders of artillery who are finding the range scientifically for their guns. They become marks for the enemy's sharpshooters. Each artillery commander makes his own observations. Covered positions

are generally used when the artillery first comes into action, when "indirect laying" is employed, but guns are hurried up in support of infantry as the action progresses, when direct laying is practised, although there is no telephonic communication between the infantry and artillery units. Observation shields are used by battery commanders when no ladder is used.

At the Local Theaters

Scene from "Clothes," to be played at Temple Theater tomorrow and Friday

TEMPLE THEATRE

Grace George's Sensational Success,
"Clothes," in Motion Pictures

A notable acquisition to the program of Famous Plays in motion pictures produced by the Famous Players Film Company, comes in the form of film version of "Clothes," the celebrated sensational drama that startled metropolitan society by Avery Hopwood and Channing Pollock, based on Carlyle's immortal line: "Society is Founded Upon Cloth."

"Clothes" is a powerful contrast of love and desire, sham and sincerity. It is a true story in many respects, only too true to the life it depicts so vividly.

Olive Sherwood, a pretty girl, fond of finery, sighs over her quiet life in a mid-western city and longs for the gaieties of fashionable New York society. At length, Fate gives her that for which her heart yearns, and she is introduced into the gilded circle

to which her ambition has so long aspired. For a time she is petted and happy, but little by little, the petty strife and jealousy of the superficial world in which she lives overshadows her joys and she begins to see that the glittering globe at her feet is a hollow one. Evil influences, of which she is unconscious, threaten her. Near the verge of destruction the innocent and ignorant Olive, through a crucial episode that barely escapes tragedy, awakens to a realization of the snares and dangers that surround a soul wrapped in the pride of clothes. She believes her life is blasted forever, but going back to the little home she once despised she finds there the love and happiness she had vainly sought in the world of sham and frivolity.

The film production of this celebrated society drama is mounted to the minutest detail, with elaborate care and faithful adherence to the imposing dignity of the original stage presentation. Charlotta Ives portrays the role made famous by Grace George, supported by a notable cast, including House Peters, Edward MacKay, Minna Gale Haynes, Fred Weber and the Famous Stage Child, Mimi Yvonne.

"Clothes" will be played for two days only, with a matinee each day, at the Temple Theater—tomorrow and Friday.

Tonight will be your last chance to see Jack London's great success, "The Valley of the Moon," at the Temple Theater.

To all of those who came last night and could not get seats, we would suggest for you to be on hand very early tonight, as we do not think we can get a return engagement on "The Valley of the Moon."

PRINCESS THEATER

What Has Gone Before in "The Million Dollar Mystery"

The Black Hundred, a secret society, seeks to punish Stanley Hargrave, a millionaire, who had been a member of their order in his youth. They trap him in his mansion but he escapes in a balloon. In the disturbance the safe in the mansion is looted—one million dollars disappears—but the looter is unknown. Hargrave's balloon is found empty, 300 miles out at sea. Does it contain the missing million? The Black Hundred giving up Hargrave for lost, make his daughter a prisoner, but her reporter sweetheart, Norton, effects her escape through a secret panel in the wall. Fleeing in a motor car, Florence and Norton are given chase by the "auto bandits," whose machine runs off a pier edge into the bay.

This week the Black Hundred falls in an effort to get rid of Norton, the reporter, and the Countess makes a successful attempt to separate Norton and Florence.

CLUNE'S PROGRAM

The Five Juggling Normans come to Clune's Theater with the next change of program tomorrow night. This announcement would cause theater-goers to sit up and take notice if they realized the character of the coming attraction. The Five Juggling Normans is the best act of its kind in the entire world. This is the troupe that remained for twelve weeks at the Alhambra in London in the season of 1911-12. The Five Juggling Normans completed their second tour of the world with the London engagement, Vaudeville authorities in London, Paris, Berlin, Brussels and other for-

NEWSY NOTES FROM FAIR CAMP KEEN

Santa Anans Enjoying Pure
Mountain Air—Hamiltons
in Near Accident

KEEN CAMP, Aug. 24.—Mrs. Mit Phillips, who has contracted the Keen Camp habit by coming here for several seasons, returned to her home in Santa Ana Saturday. She was here a little more than a fortnight.

Miss Mary Ely of Santa Ana, who is a guest at Keen Camp, left this morning accompanied by Mrs. Miller for a three-days' trip to Big Pine Valley, which is situated at the foot of San Jacinto Peak. As cold nights were looked for, the mules were well loaded with blankets as well as provisions.

Miss Helen Van Cartmell is here for a rest and to enjoy the mountain air.

Near Accident
Joe Hamilton and family narrowly escaped injury last evening while returning from Idyllwild to their home near Lemet. A runaway horse hitched to a buggy tried to pass them on the narrow mountain grade, dashing up from behind before the occupants of the automobile knew of its nearness.

When opposite the machine the horse jumped upon the running board, ripping off the wind shield. Luckily the heavy glass in the shield was not broken and the driverless horse plunged ahead of the automobile and was caught further down the grade.

Deer are very plentiful in the surrounding mountains this year. Ten have been brought into camp, one of them being a four-point.

IMPERIAL COTTON MEN SHARE BENEFIT PLAN

WASHINGTON, Aug. 26.—The cotton growers of Imperial county will be included in the benefits that are expected to follow the plan to be adopted at the conference held Monday and Tuesday by Secretary of the Treasury A. C. Adoo. Through the instrumentality of Representative William Kettner, J. Stanley Brown of El Centro and W. H. Best of Brawley were designated as delegates to the conference representing Imperial Valley. They have hopes that plans evolved will prove of real benefit to the cotton growers.

LONG BEACH MEN PLAY HERE TONIGHT

Long-Heralded Indoor Conflict
With Methodists on
at Last

The long-heralded conflict between the Methodist team and the Long Beach champs will take place tonight on the East Fourth street grounds. The game was originally booked for last Saturday but the Beachers failed to arrive until after 10 o'clock. It is announced that the Beach men will positively arrive on time tonight, coming over to this city in special cars which leave the beach at 4 o'clock this afternoon.

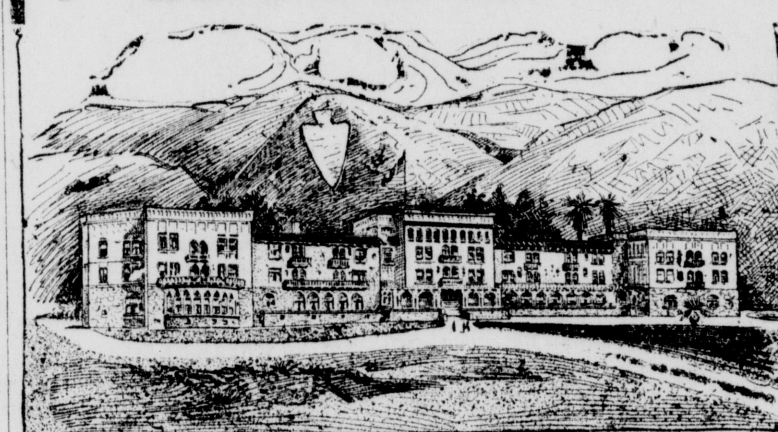

Tonight's game is scheduled to start at 8 o'clock sharp. A small admission will be charged. The correct score will be published in tomorrow night's Register.

The locals will be without their leading slugger, Joe Irvine. The lineup: Catcher, W. Harvey; pitcher, H. Snow; manager, first base, S. Smith; second base, W. Lindsey; third base, R. Coleman; left short, E. Putnam; captain; right short, G. Parker; left field, R. Jayne; center field, J. Palmer; right field, E. Greathouse or J. Wherry; official scorer, M. Warren; umpire, J. Miller.

The return game will be announced later. The Methodists will play the crack Orange team some night next week.

GLOVE CUTTERS STRIKE
GLOVESVILLE, N. Y., Aug. 26.—About 1200 Fulton county glove cutters formally declared a strike yesterday, demanding higher wages.

Have You Been to ARROWHEAD

Hot Springs?

SHORT BALLOT

With the primary election already past and presumably the voters of this state are as well informed about the candidates of the men they have passed upon as possible, it is timely to consider the most insistent proposal for reform in election affairs that is now before the American people—that of the "short ballot." The short ballot movement is one started absolutely independent of party, and with advocates in all parties, although it has more in some parties than in others. Men of all parties can be found in the roster of officials of the national short ballot society, of which the president is also now the president of the United States, Woodrow Wilson.

It is the theory of those advocating the shorter ballot that at the present time there are too many offices put on the ballots in county and state elections to enable the voters to make an interested and intelligent choice. There is no suggestion that the voters are not capable of making a good choice on any office, but it is pointed out that they have not the time and are indifferent if the ballots are too long. Illustrating the need of reform, they point to the national ticket, and in most parts of the country to the municipal tickets, which already have in fact a short ballot. In practice we vote, on the national ticket, only for president and vice president and members of congress, to which have been added since the last election the office of United States senator. In most cities the voters choose at elections only members of a city council, and but two or three other officers. But in state and county matters, there is still the cumbersome system of selecting a long list of candidates who, especially in state affairs, can be known to but a small part of the voters.

The evil is of course, not nearly so great in counties. It is questionable, however, whether in this election, even where the contests have been the most strenuous, the voters have more than a mere acquaintance with the names of the candidates, and have anything more than a notion of the personal qualifications of the men seeking the office. They of course do the next best thing by inquiring among their neighbors regarding the antecedents, the associations, and the present affiliations of the men who seek their support. The result in general will be the selection of the best candidates, or at least the candidates with good qualities who because of their energy and their personal popularity will be able to get along best with the public and give the greatest satisfaction in the offices they are to fill.

How much less true will this be, however, in state offices? Those men who are running for governor, United States senator and congressman are having a hard enough time to gain the attention of more than half the voters, to present to them their qualifications for office. What must it be then, in the case of such offices as surveyor general and state controller, offices which are of the utmost importance to the people at large, and yet which, because these offices lack spectacular or advertising qualities, do not afford to the busy citizen any chance to get interested in the candidates or even the men who are now holding these offices. It happens that the men who are now holding these two offices are of tried efficiency, yet are little known. This is true in perhaps less degree of the offices of attorney general, secretary of state, treasurer and state superintendent of public instruction. All are of the utmost importance. None of them should be made the football of politics. But on the other hand, none of them should be made the prize in a lottery of scattered political effort. The man who is honorably ambitious to hold any of these offices, and has a competitor, is forced by the very spirit of the race to spend more money than he ought to for them, in seeking election, without the assurance that at the best, his efforts at self advertisement will bring before a majority of the voters those facts about himself and his competitor that should be known.—Fresno Republican.

SHORTAGE OF VIOLIN STRINGS AT PASADENA

PASADENA, Aug. 26.—Pasadena music dealers declare that a shortage of violin strings is now in sight. They claim that the supply on hand in the city will last but six weeks, and that the strings, which come from Germany, are not only going up in price, but are becoming scarce.

"LUCKY'S" DAUGHTER WAS HELD AS SPY

Mrs. McClaughrey Had Thrilling Experience in War Zone of Excited France

PASADENA, Aug. 26.—Held as prisoners under armed guards as suspected German spies, threatened with death and forced to witness the execution of five Germans by a French mob, are some of the experiences suffered by Mrs. Anita Baldwin McClaughrey, daughter of the late millionaire, "Lucky" Baldwin, and her two children, Dexter and Baldwin, and H. H. Stewart, who passed through Lyons, France, when war was declared between Germany and France.

A letter has been received from Mrs. McClaughrey by Arthur G. Fiske, former postmaster of San Francisco, but now manager of the Baldwin estates. The letter was written in Paris, and tells in graphic detail their hazardous experiences.

They were ten days in making the trip by automobile from Switzerland to Paris, and on several occasions were held up by drunken mobs of French peasants. At Lyons the mob which surrounded them, threatened them with death, believing them to be German spies.

Cries of "Death to the Germans!" rang in their ears as they dodged missiles hurled at them with murderous intent. At the door of the hotel they were subjected to the vilest of insults.

O. D. O. TATTLING CLUB ENTERTAINED

(Special Correspondence)

ORANGE, Aug. 25.—The O. D. O. Tattling Club was delightfully entertained yesterday afternoon at the home of Mrs. H. F. Dalrymple on North Orange street.

A very enjoyable time was passed with needlework and enlivened with musical selections on the piano and several violin numbers by Prof. Andrist of Santa Ana.

The house was uniquely and tastefully decorated with sunflowers. Before the close of the meeting the guests were served with refreshments of apricot ice and cake. The affair was given in honor of Mrs. Dalrymple's guest, Miss Nettie Hyde, of Visalia.

Those present were: Miss Nettie Hyde, Mrs. N. U. Potter, Mrs. H. C. Meehan, Mrs. Horace Lucy, Mrs. W. C. Waechter, Mrs. John Kaiser, Mrs. C. H. Beaver, Mrs. Robert Cameron and Mrs. H. F. Dalrymple.

Mrs. Frank Burns of Los Angeles visited here from Saturday until Monday evening with her daughter, Mrs. Murray Vandermast. Mr. Vandermast left yesterday afternoon for Balboa to spend a few days. Mrs. Vandermast will join him tomorrow.

Mrs. Charles Leimer has gone to Long Beach to spend a few days in the Heimg summer cottage with friends.

Mr. and Mrs. A. H. Small and son, Howard, are spending the week at their ranch northwest of Orange.

Mr. and Mrs. W. D. Peterkin, Mr. and Mrs. A. H. Small, Mrs. R. F. Dreyer, Mrs. L. E. Jones, Mrs. C. J. Porter, Mrs. George A. Riley, Mrs. L. B. Gitchell and Miss Nellie Lighthall attended the district school of instruction of Rebekahs of District No. 50 at Whittier, yesterday.

Louis DeLong has purchased a new Ford machine.

Mrs. J. C. Heing has returned from a visit of three months with her son and daughter in Chicago.

Mr. and Mrs. P. W. Ehlen and son, Henry, left this morning for San Francisco. Mrs. Ehlen going on to Portland, while Mr. Ehlen and Henry will go to Seward, Nebraska, where Henry will enter a Lutheran normal school. Mr. Ehlen will spend some time in Chicago, Illinois, returning through Scotland, South Dakota and Portland, where Mrs. Ehlen will join him.

The Misses Laura and Beryl Munhall left this morning for Santa Monica to join a house party for a week.

The American Woman's League met

yesterday afternoon at the home of Mrs. W. S. Dearing on South Glassell street. No special program was arranged, but the members spent a most agreeable afternoon. Delicious refreshments were one of the concluding features of the meeting.

M. L. Willets arrived this morning from Yuma, Arizona, for a short visit with his family at 425 East Chapman avenue.

Mr. and Mrs. Clarence Horn of Fresno arrived today for an extended visit with their parents, Mr. and Mrs. H. Oaks, on South Jamison street.

Dr. Wallsworth and wife of Garden Grove visited Mr. and Mrs. J. C. Winslow on South Jamison street, yesterday.

Mr. and Mrs. W. H. Robinson and family returned yesterday from a visit of several days at Redondo.

Misses Laura and Margaret Palmer returned yesterday from Long Beach where they have been spending a few days.

Mr. and Mrs. Ray Small of Riverside have returned home after a visit of several days with relatives here.

Mr. and Mrs. C. D. Post and Mr. and Mrs. Joe Handy and family have returned from a motor trip to Perris.

Among today's Los Angeles visitors were, F. L. Ainsworth, Miss Mary Ainsworth, Miss Lewina Ainsworth, E. C. Pargh, G. B. Lancaster and Dr. C. J. K. Jones.

WILL RAISE CROPS ON GOLF COURSES

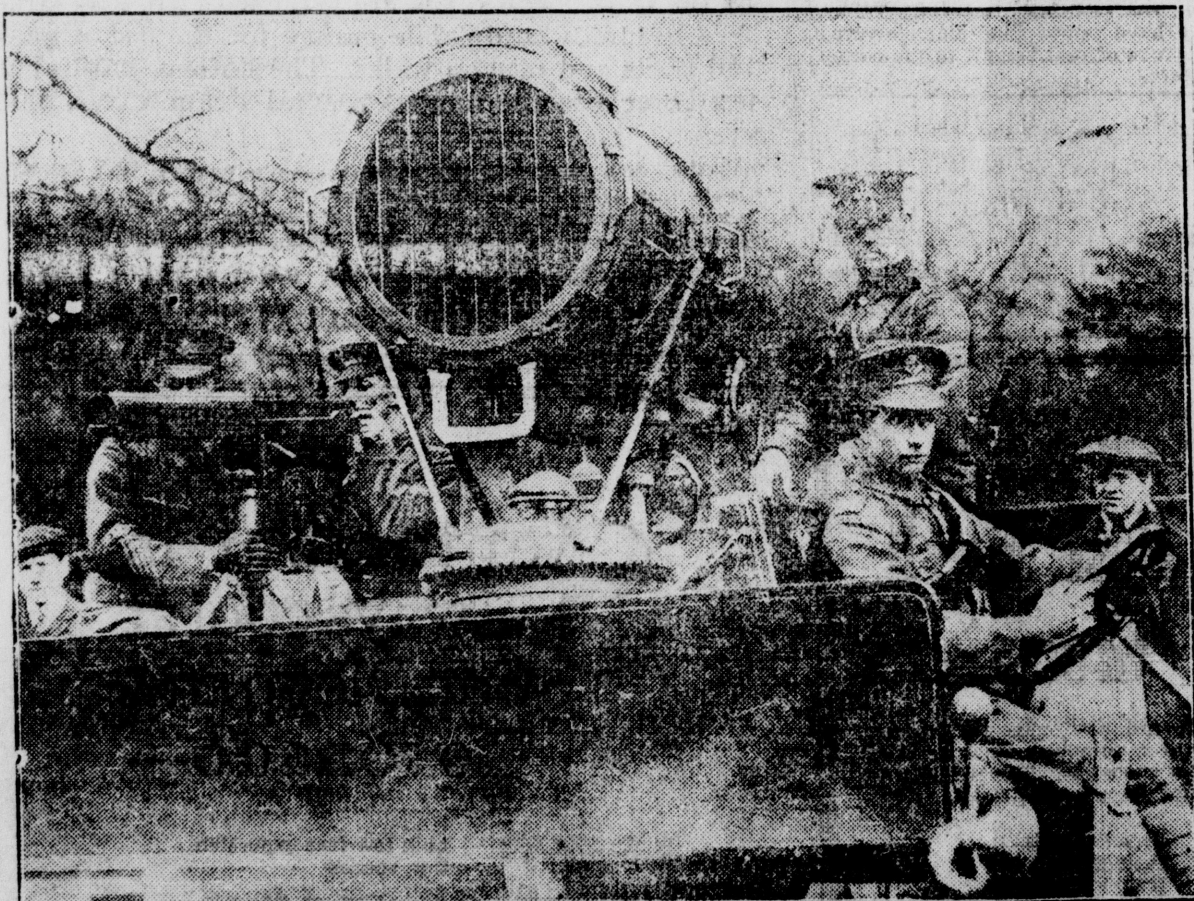

LONDON, Aug. 26.—Proposals that golf courses, cricket and football fields be plowed for raising crops during war-time have been reaching the war office.

A. J. Sherwood, secretary of the Walton Heath Golf Club at Epsom, points out that there are at least 2000 golf courses in the country which could spare some if not considerable land for cultivation. The Walton Heath Club has already started an experiment of twelve acres under cultivation and its secretary believes that if other clubs, including cricket clubs and football organizations, would do the same, the scheme would provide employment for thousands of unskilled workers and add materially to the nation's food supply.

TEN TONS GRAPES FOR ESCONDIDO GRAPE DAY

ESCONDIDO, Aug. 26.—Ten tons of first quality muscat grapes were bought by M. V. and G. W. Wisdom, who represent the grape committee of the Grape Day Association. The purchase will be pre-cooled and given away to the people who come to help Escondido celebrate Grape Day, September 9. All plans for the big celebration are going forward nicely.

GERMAN RAPID-FIRE GUN READY TO SHOOT WITH AID OF POWERFUL SEARCHLIGHT

The German army is equipped with many automobiles bearing rapid-fire guns and searchlights for use on the enemy at night. These indicate, as has already been proved

by the night attacks on the Belgians, that the Germans purpose using more than twelve hours a day for their fighting.

The powerful searchlights will

BOYS WANTED!

The following advertisement tells its own story to the boys:

One hundred boys for new customers are wanted at once. Most of our old customers are rapidly dropping out. Ten committed suicide last week.

Twenty are in jail—eight in the chain gang.

Fifteen were sent to the poorhouse—one was hanged.

Three were sent to the insane asylum.

Most of the balance ain't worth fooling with—they've got no money.

We are just obliged to have new customers—fresh young blood or we will have to shut up shop.

It don't make any difference whose boy you are—we need you, you will be welcome.

If you once get started with us we guarantee to hold you. Our goods are sure. Come early, stay late.—Saloon Keeper.

CALIFORNIA DRY COMMITTEE FOR SANTA ANA.

44 CARDINALS IN ROME FOR CHOICE OF NEW PONTIFF

ROME, Aug. 26.—Forty-four cardinals are in Rome today, ready for the conclave which will choose the new pope. The indications are that sixty cardinals will be present. This will necessitate a vote of forty-four to elect. As the cardinals arrive they are at once escorted to St. Peter's to pray for the late Pope.

WHEAT ADVANCE WAS SPECTACULAR IN CHICAGO PIT

CHICAGO, Aug. 26.—Spectacular buying in the pit today caused a jump of 5 1/4 to 5 1/2 points in wheat. At noon September wheat was \$1.08 1/4; December wheat was \$1.12 1/4 and May wheat was \$1.19.

INDIAN TRIBES HOLD YEARLY CELEBRATION

ESCONDIDO, Aug. 26.—Hundreds of people are pouring into the Indian country north of Escondido for the celebration to Santo San Luis Rey, being given by the Pauma and Rincon tribes on the Rincon reservation. The fiesta opened yesterday and continues all week. Pion and other Indian gambling games are the features, although athletic contests by day and Indian dances by night are also on the program. The war dances are being held around campfires as a special attraction.

P. E. TO GO HIGHLANDS TO TAP CITRUS FIELDS

SAN BERNARDINO, Aug. 26.—The Pacific Electric yesterday made plans to tap the rich citrus fruit section at Highland, now in exclusive Santa Fe territory. As the result of a conference by President Paul Shoup and other officials with the officers of various fruit associations, the Pacific Electric will construct lines to the packing houses, rebuild the Highland-San Bernardino line, and haul the fruit to the Southern Pacific yards here.

NO MONEY NEEDED AT THIS MAN'S STORE

BERKELEY, Aug. 26.—"You don't need any money to trade here," is the motto in the window of the general store F. M. Campbell has opened in Berkeley. Campbell keeps all sorts of household utilities, groceries, vegetables—everything useful, in fact, that he can get, not for money, but for some goods of some other kind. In the same way, his customers pay, not in money but in goods. In cases where it is impossible to make change or a visitor with something to sell to the store needs nothing at the time, Campbell gives exchange checks.

INDIANA FIRM TO SHIP 15,000 HORSES TO FRANCE

LAFAYETTE, Ind., Aug. 26.—Members of a local stock-buying firm began yesterday securing horses, which are being shipped to France for use in the allied armies. The Lafayette firm announced it has received an order for 15,000 of the animals from the French government.

"CLOTHES"

A society drama of intense interest.

This production played in New York for two solid years to packed houses at \$2.00 per seat.

Three shows daily. Matinee 2:15; Evening 7:15-8:45.

PRICES: ANY SEAT 10 CENTS; CHILDREN, 5 CENTS

BLOODLESS FIGHT ON MEXICO BORDER

CALEXICO, Aug. 26.—A bloodless battle between one hundred Mexican constitutionalists and the federal garrison at Mexicali under Colonel Cantu was fought today. Cantu refused to give up Mexicali until official information was received of Carranza's occupation of Mexico City. The constitutionalists then besieged the town, and sallying forth today the federales drove the constitutionalists across the line into the United States. Although one hundred shots were exchanged, nobody was injured. Many constitutionalists threw away their rifles.

BIG ATTENDANCE AT IOWA'S STATE FAIR

DES MOINES, Iowa, Aug. 26.—Despite the war, which has injured some lines of business, the Iowa state fair, which opened its annual show here today, promises to be larger than ever, with more exhibits and attractions and a bigger attendance. Besides the exhibit of live stock, implements, farm products and races, a new women's building is to be dedicated and as nearly every farmer in Iowa now has an auto, it was found necessary to lease a big farm on which the machines will be parked in rows under guard, while the owners see the fair. It is expected that the attendance will run about 200,000, and the biggest day of the ten is expected to be next Wednesday when 60,000 are expected. High prices for farm products, caused by the war, will swell the attendance.

MONEY ORDER LIMIT CIRCULATES MILLION

CHICAGO, Aug. 26.—The postal rule limiting the amount of foreign money orders to \$100 has kept a million dollars in circulation in America since August 1, according to figures compiled by the postal authorities here yesterday.

The postal savings bank received a tremendous impetus during the month and the domestic money order service has increased 35 per cent, so that the postoffice is paying \$500,000 a day to the banks.

HOTEL GREEN OPEN IN NOVEMBER

PASADENA, Aug. 26.—It was announced yesterday that the Hotel Green this year will open the first week in November. David B. Plumber will again be manager of the large caravansary.

BRIG-GEN. GEORGE ANDREWS, ON RETIRED LIST TODAY

WASHINGTON, Aug. 26.—Brigadier General George Andrews, adjutant general of the United States army, was automatically retired from active duty today, when he reached the age limit.

POSITIONS TO BE HELD FOR CLERKS IN WAR

LONDON, Aug. 26.—The stock exchange committee yesterday decided that the situations of clerks who have been mobilized for service will be kept open until they return. The rules have been altered so as to allow vacancies to be filled temporarily. The committee has also suspended the rule forbidding members to take other occupations.

BRITAIN'S OPEN PORTS

NEW YORK, Aug. 26.—Great Britain's open ports are: Dundee, Aberdeen, West Hartlepool, Hull, London, Folkestone, Falmouth, Bristol, Holyhead, Liverpool and Greenock. All other ports are closed.

FROSTY IN MICHIGAN

DETROIT, Aug. 26.—The local temperature yesterday was 48 degrees, the lowest mark for August 25 in Detroit in forty-two years, according to weather bureau officials. Light frosts were reported at Saginaw.

FAMINE THREATENS BRUSSELS

LONDON, Aug. 26.—The Brussels correspondent of the Chronicle says: "Owing to the vast amount of food commandeered by the Germans there is a great scarcity of bread and other supplies and famine is threatened."

CALIFORNIA'S BIGGEST APPLE

CLAREMONT, Aug. 26.—J. M. Frampton has grown a fall pippin apple which measures fifteen and one-fourth inches in circumference and weighs twenty-four and one-half ounces. He backs it against any grown in Southern California.

ILLINOIS CELEBRATES BIRTHDAY

SPRINGFIELD, Ill., Aug. 26.—Informal celebrations throughout the states today marked the ninety-sixth birthday anniversary of the state of Illinois. It was on August 26, 1818, that the state adopted the motto, "State Sovereignty—National Union."

STRANGERS INTERED IN PARIS

PARIS, Aug. 26.—Five hundred strangers of all nationalities in Paris who were unable to give a good account of themselves, have been sent to the concentration camps in middle and western France.

SAUERS-ROWLEY

Simple But Impressive Church Wedding Was an Event of Much Interest

A beautiful and impressive yet simple wedding was that taking place at 8 o'clock last evening at the First Presbyterian Church, where Miss Hazel Rowley was united in marriage to John Sauers of Tustin. The marriage rites were read by Dr. J. A. Stevenson in the presence of one hundred or more close friends of the bride and groom.

The church was handsomely decorated by the friends of the bride, Mrs. Herbert P. Rankin and a number of the young matrons and maids of the Presbyterian Church lovingly adorning the sacred edifice for the sweet young woman who has been devoted to every phase of the church work for many years. She has been notably prominent in the music of the church, having been for eight years a member of the choir. So the lovely pink amaryllis, pink asters and the ferns used so lavishly were tokens of affection. Bouquets of pink asters and lacy ferns ornamented the aisles through which the bridal couple walked unattended to the strains of the Lohengrin wedding march, played by Harry Garstang, organist of the church. A white silk wedding gown with overdress of white net and lace enhanced the winning charm of the bride. Fragrant orange blossoms were in her hair and formed a corsage bouquet, while roses and lilies of the valley mingled with maidenhair fern in the bouquet she carried. As the wedding ring was put on her hand, the bride gave her bouquet to the little daughter of the groom, Miss Lorraine, who was standing near. Prior to the taking of the nuptial vows, Clifford Johnston sang "Because," Mr. Garstang accompanying on the organ.

Following the marriage service, Mr. and Mrs. Sauers slipped quietly away from congratulating friends, and later departed on a honeymoon trip to Lake Tahoe and other northern points. On return they will be at home in the pretty new bungalow recently built for their occupancy on the ranch property of the groom, who is an apricot and walnut grower. The home is located on Yorba avenue, Tustin. Many handsome gifts were received by the young couple, notable among these being several unique and beautiful gifts from Miss Grace Rowley, a sister of the bride, who is in China.

ATTEMPT MADE TO ENTER BIKE SHOP

An unsuccessful attempt to burglarize Livesey's Bike Shop, 212 East Fourth street, was made last night, employees of the store finding when they came to work this morning that someone, presumably an amateur, had attempted to pry open the back door of the premises. The burglar failed to effect an entrance as a heavy iron bolt on the inside of the door held securely.

DEATH OF MRS. HIGLEY, A FORMER SANTA ANA

Mrs. H. H. Higley, formerly of Santa Ana, but later of Long Beach, died in the latter city on Friday of last week and was buried Monday in the same city. Her many former friends here will be grieved to hear of her death.

QUIET WEDDING

Miss Nettie Wilson Becomes Bride of Lonnie Wilsley of San Diego Last Night

At a quiet but pretty wedding service, which occurred at the hour of seven o'clock last evening, Miss Nettie Wilson of Appleton, Wisconsin, became the bride of Lonnie Wilsley of San Diego. The ceremony was read at the home of the bride's sister, Mrs. John Fotheringham, on Spurgeon street. The romance of the young people began when Miss Wilson met Mr. Wilsley during a visit in San Diego. She has been the guest of her sister in Santa Ana since last fall.

The Fotheringham home was artistically decorated with fragrant white roses and lacy ferns, arranged in graceful receptacles and the bride being becomingly gowned in white embroidered voile.

The bride and groom were unattended. Rev. Mr. D. Scarborough of the Spurgeon Memorial church, performed the impressive ceremony, after which the relatives present showered good wishes upon Mr. and Mrs. Wilsley.

Many handsome gifts were received and these will adorn the new home, which the newly married couple will establish in Imperial, after a two-weeks' visit in Yosemite Valley. Mr. Wilsley is engineer of the new Bear Valley road now building in the Imperial Valley.

"Bill" and Party Coming Home. "Bill" Menton and his fellow travelers who have been circumnavigating the rim of the United States, with trips into the interior, are coming home. The glad news is contained in the following post card message from "Bill," postmarked at New Orleans under date of August 22:

"Our faces are turned homeward and will soon be in dear old California. Probably reach Santa Ana about the 3rd."

Tustin W. C. T. U. to Meet. There will be a meeting of the Tustin W. C. T. U. tomorrow afternoon at the home of Mrs. C. F. Smith on Laguna avenue. The committee extends a special invitation to all the young members of Tustin. The program has been carefully arranged for their entertainment.

Personals

Miss Hattie Shaw of Crookshank Beatty's has returned from her vacation. While gone she visited her aunt, Mrs. A. E. Wilbur, of San Gabriel, and also enjoyed trips to the various beaches.

Mr. and Mrs. G. L. Havens returned from their stay at Elsinore Tuesday morning.

Mr. and Mrs. A. Sheldon left today for Phillipsburg, Kansas, traveling over the Salt Lake road and its connections.

Prof. J. A. Cranston and his daughter, Miss Rena Cranston, were outcoasting passengers on a Los Angeles-bound car this morning.

Miss Ada O'Brien and Miss Margaret Bowen spent today in Los Angeles.

A. B. Wainwright left yesterday for St. Paul, Minnesota, traveling over the Salt Lake and its allied roads.

J. E. Liebig was a business visitor to Los Angeles this morning.

Mr. and Mrs. M. J. Douglass started today for Grinnell, Iowa, making the trip over the Salt Lake.

Leslie Mitchell is spending his vacation in San Francisco.

Alice Wilbur departed yesterday over the Salt Lake road for Kearney, Nebraska.

DIED

JUNKIN—At Westminster, Tuesday, August 25, 1914, Rev. A. C. Junkin, aged 85 years.

Funeral services will be held Thursday, August 27, 1914, at 2 p. m., from the First Presbyterian church in Santa Ana.

The decedent was a former pastor of the Presbyterian church at Westminster and a resident of that district for about twenty-six years.

TEDFORD—In San Francisco, Monday, August 24, 1914, Harry A. Tedford, aged 40 years.

Funeral services will be held Thursday, August 27, 1914, at 3 p. m., from Smith & Tutill's chapel.

BORN

WALLER—At the Santa Ana Hospital, August 23, 1914, to Mr. and Mrs. William Waller, of Trabuco, an 11-pound son.

REGISTER AD. BRINGS RESULT FROM AFAR

The following letter is self-explanatory:
Wickenburg, Ariz., Aug. 10.
Vandermast & Son,
Santa Ana, Calif.
Dear Sirs:
The other day I came across a copy of the Santa Ana Register which had an advertisement of yours, in which you were selling the "Little One" rompers for 38c. I would like one if you still have them at that price, either 1 year or 5 year size; prefer 1 year. Just use your judgment about what color launders best, and kindly let me know if I can get any more at that price. Enclosed find money order for 38 cents.
Very respectfully,
MRS. W. O. HABERMAN.

IN THE JUSTICE COURT FIRST HEARING IN EMBEZZLEMENT CASE

The preliminary hearing of A. B. McGuire, charged with embezzlement, began this morning in Justice Cox's court. The complaint alleges that A. B. Sitten entrusted to McGuire as bailee a Hupmobile "20" and that "on or about June 15, 1914, McGuire did willfully, unlawfully, feloniously and fraudulently embezzle, convert and appropriate the machine to his own use and not in the due and lawful execution of his said trust as bailee." B. E. Farver is attorney for McGuire.

Continued Indefinitely. The case of William Mayhew, charged with assault to commit murder against Chon Bado at Garden Grove August 13 has been continued indefinitely as Bado, who was shot by Mayhew while the former was stealing watermelons, is still in the hospital and in no condition to appear in court as a witness.

Promised to Leave Town. Mabel Cramer, who was arrested Sunday evening by Officers Ryan and Vestal at the corner of Fourth and Main streets for creating a disturbance after her arrival in this city from Newport Beach at 11 o'clock, was given a thirty-day suspended sentence upon the woman's promise that she would leave town. She has departed for Los Angeles.

Will Look For a Job. "When you get out of here, what will you do? Will you look for a job?" queried Justice Cox of a peculiar, gaunt and unwashed specimen who was in court on a charge of being somewhat "off."

"Yes, sir, I'll try to get a job," answered the specimen.

"Alright, you can go," said Cox. Peterson was rounded up last night at the Santa Fe depot by Officer Delaney. Peterson had been found walking about aimlessly and babbling foolishly about officers being on his trail with warrants. However, in the justice court this afternoon Peterson appeared sane enough and that was one reason why Cox "turned him loose."

AT THE COURT HOUSE WATER COMPANY AT HUNTINGTON BEACH

Articles of incorporation of the Huntington Beach Water Company have been filed. The business of the company will be to carry on a "general water supply system for supplying water to the inhabitants of the City of Huntington Beach and adjacent communities."

The incorporators are R. V. Rhodes, H. Levinson, James S. Lawshe, Alexander Mills, all of Los Angeles, and H. L. Heffner of Huntington Beach.

The capital stock of the new company is \$150,000.

Interlocutory Decree. An interlocutory decree of divorce has been granted Della Aguayo from G. H. Aguayo.

Marriage Licenses. Raymond G. Holcom, 27, Los Angeles, and Marie Kirk, 18, Santa Ana, Charles C. Marple, 21, Huntington Beach, and Mabel Zedaker, 21, Los Angeles; John William Sauers, 34, Santa Ana; and Hazel Rowley, 25, Santa Ana; Alonzo Willey, 20, National City, San Diego county; and Nettie Wilson, 31, Santa Ana; Walter H. Adams, 26, Santa Ana, and Elizabeth A. Glover, 21, Santa Ana.

PHILADELPHIA, Aug. 26.—Armored steel automobiles for use by the European powers engaged in war are being manufactured here by a local company and will be shipped as soon as possible. The cars have been sold to nations on each side of the conflict.

One other includes fourteen cars, which will be used by the British government. Negotiations with France, Russia and Greece have also been entered into and it is said orders for 1000 cars have been placed by various powers.

A large New England company will mount rapid-fire machine guns on the cars.

Cars ordered by England will be shipped from Philadelphia to private individuals in Canada and thence re-shipped to the front.

OAKDALE ALMOND CROP IS LARGEST IN YEARS

OAKDALE, Aug. 26.—The Oakdale almond crop is the largest in years and will be marketed through the California Almond Growers' Exchange.

The crop of the exchange branch is estimated to exceed twenty-five tons, with about half as much more outside the exchange. Many of the growers have installed hulling machines because of the heavy crop.

The price for this year's crop has not been fixed as yet, although growers expect a considerable advance over last year, due to the war, which has shut off the shipment of the European crop to this country. The harvest will be on in earnest the coming week.

Among our selections of suits

and overcoats for Fall and Winter season is a brand that offers the young man exactly what his heart desires and his physique requires. And that's

Society Brand CLOTHES

These facts you can prove by dropping in here tomorrow—by slipping on a few of these world-famous garments—by noting what individuality of style, tailoring and fabric they possess.

The price will be right.

SHIPPING BILL IS TO HAVE HEARINGS

Discussion of Plan to Secure Foreign Trade Open to All Interested

WASHINGTON, Aug. 26.—Arrangements have been made for hearings on the administration bill to authorize the organization of a government-controlled shipping company to engage in the foreign trade.

Chairman Alexander of the House Merchant Marine Committee announced that the committee would meet on Thursday and a general invitation had been extended to all interested to appear and discuss the bill.

Senator Clarke, chairman of the Senate Commerce Committee, is preparing to introduce the measure in the Senate without awaiting action in the House.

ARMORED MOTOR STEEL CARS MADE IN U. S. FOR BIG WAR

PHILADELPHIA, Aug. 26.—Armored steel automobiles for use by the European powers engaged in war are being manufactured here by a local company and will be shipped as soon as possible.

The cars have been sold to nations on each side of the conflict.

One other includes fourteen cars, which will be used by the British government. Negotiations with France, Russia and Greece have also been entered into and it is said orders for 1000 cars have been placed by various powers.

SEA BATTLE MAY BE OFF COAST OF OREGON

Four Warships Patrol Sea Off Cape Blanco—People Are Excited at Prospect

MARSHFIELD, Ore., Aug. 26.—Residents of Curry county and as far north as Coos Bay are excited over the possibility of a naval engagement somewhere off the coast of Southern Oregon. Their expectations are based on the knowledge that four warships are patrolling the sea in the vicinity of Cape Blanco.

The vessels are said to be the German cruiser Leipzig, the Japanese cruiser Idzumo, which left San Francisco a few days ago; the English vessel which was seen off Coos Bay and Bandon last week, and another craft supposed to be the German cruiser Nuernberg. The news here is that a series of wireless dispatches have developed that two British warships were off the coast somewhere between the Umpqua and Rogue Rivers. The story coming from Port Oxford today is that the four ships have been off Cape Blanco for the last two days.

NINE KILLED AS TRUCK ROAD TO TWO STEAMERS HARBOR FROM COLLIDE L. A.

Admiral Sampson Rammed by Proposed Plan Would Likely
Princess Victoria Off Benefit Santa Ana and
Washington Coast Adjacent Cities

SEATTLE, Aug. 26.—Seven members of the crew and two passengers of the steamer Admiral Sampson were killed or drowned at 6:30 o'clock this morning when the Canadian Pacific liner Princess Victoria rammed the Admiral Sampson off Point No Point. One passenger, John McLoughlin of San Francisco, and the wireless operator, W. E. Reider, are missing.

Dead passengers: Mrs. F. Bam-bury, Skagway; D. W. Bryant, address unknown. Crew: Captain Zim Moore, Chief Engineer A. J. Noon; L. Ca-banes, cook; J. G. Williams, deck-boy; Miss M. Campbell, stewardess; C. Marquette, seaman; A. Slater, night watchman.

The steamer Admiral Watson re-sponded to the Sampson's wireless calls and rendered all possible assistance. She was about half a mile from the scene when the disaster occurred. But for her timely arrival the death list would have been heavier. The Watson was conveying the Princess Victoria to Seattle. She left here at 4 o'clock this morning for San Francisco.

LOS ANGELES, Aug. 26.—Estimates are being prepared under instructions from the City Board of Super-visors of the cost and the survey of a route for a heavy truck road from Los Angeles to San Pedro harbor. This step is taken in anticipation of vastly increased traffic that is certain to fol-low in a few months through the op-eration of the Panama Canal. The road must provide for the easy pas-sage of trucks capable of carrying ten to twenty tons with trailers.

The proposed road would be twenty miles long and thirty feet wide, all concrete. A branch to Long Beach would give that city direct communi-cation for trucking and there would be opportunity for Whittier, Anaheim, Or-ange, Santa Ana and other points on that side to establish direct connec-tion. Points between Pomona and this city, it is argued, would be large-ly benefited because of the more con-venient traffic outlet to the harbor.

FACTS ABOUT THE GREAT WAR

IN THE UNITED STATES

Outsiders, who have attempted to take advantage of unsettled condi-tions to create an artificial market, have been sternly rebuked by New York Stock Exchange houses who pre-sent an unbroken front in their re-fusal to open new commitments and, where a transaction can be arranged to even an open account, they have repeatedly put the principals into touch with each other without acting the part of broker or receiving a com-mission. The belief is confidently ex-pressed that with co-operation and a little patience affairs will soon settle themselves back to a basis where busi-ness can be transacted around the prices prevailing when the exchange closed.

Officials of the Cotton States Mer-chants' Association, the first great in-terstate organization of merchants formed in the United States, are ur-ging that the organization take a de-cided stand in favor of "valorization." This step would be similar to that taken by Brazil in regard to her coffee exports. Under this plan the cotton would be gathered, stored in a bonded warehouse and a negotiable certificate issued. The cotton would be held un-till conditions in Europe warranted a 12-cent price. The money derived from the sale would be used to retire the certificates.

Secretary of Commerce Redfield is quoted as saying: "The foreign com-merce of the country is not going to stop and no prophecies of continued

future loss of revenue have any sound basis in present fact. Nobody can foresee the degree to which, if at all, or the length of time, during which purchases of supplies from abroad will be either prohibited or hampered. The forces of commerce are greater than those of war. Nations must live, and by the action of living must do busi-ness one with another."

Comptroller of the Currency Wil-liams declares that the financial situa-tion of the country is good, and an-nounces that national banks are in a position to meet all reasonable re-quirements. "I see no reasons why there should be any suspension of cur-rency payments anywhere in this country, and if this department hears of any national bank refusing to honor the legitimate demands of its custom-ers or correspondents for currency such delinquent bank will be promp-ly investigated."

Report current in New York that Bank of England contemplated estab-lishing a branch in Canada viewed by financiers with concern, because it carried implications of an attempt to build up credits here, with resultant drains upon the gold reserves of the United States. It was declared by financial authorities that any effort to encroach upon this country's gold holdings, pending adjustment of the foreign situation, is likely to meet with complete failure.

Postmaster General Burleson has taken every measure to see that mail originating in the United States for

BELGIANS CROSSING MEUSE RIVER IN IRON-COVERED BOATS TO ATTACK THE GERMANS

This photograph, taken August 6, shows the Belgian troops load-ing on boats to cross the Meuse river near Liege to attack the German forces. The troops got into several heavy boats which were poled across the river. The sides of the boats were covered with sheet iron to prevent bullets from going through. In this way the Belgians ferried their troops over to make their stand

most important members of the Ex-change, it is said, are now insolvent, their financial embarrassment being due to the fact that continental and other clients for whom they made sales or purchases on telegraphic or mail orders are unable to pay for or deliver the securities.

London Flour Trade Association has advised millers in the United States by cable that "On millers and ex-ports cabling date of through bill of lad-ing, particularly of brand, quality and name of approved steamship line, our Government (British) will insure war risks and importers will lodge certi-ficates with any London bankers named by American millers."

To maintain and extend the expert trade of the United States in South America the Department of Com-merce is about to establish a perman-ent and traveling force there. Four of the commercial attaches for which provision was made by recent legisla-tion will be assigned to Rio de Janeiro, Buenos Ayres, Santiago and Lima.

The Cruesot Steel works has pre-sented to the French government twenty-six complete batteries of 105 millimeter guns of a new type which had been ordered by a foreign govern-ment just before the war broke out. The gift represents a value of \$3,000,000.

Floating of a Foreign loan discussed in European capitals.

HERE'S HOW TO THREE

WASHINGTON, Aug. 26.—Rep-resentatives "Dick" Austin of Tennessee and Finis J. Garrett of Tennessee, to-day celebrated birthday anniversaries. The former is 57 and the latter 39 to-day. This was also the birthday an-niversary of former Representative Sylvester Smith of California, who was born in 1858.

LUTZ & CO., 120 W. 4TH ST.

all countries be dispatched by the steamship line which will most ex-peditiously deliver the mail at its des-tination, all mail for Austria-Hungary, addressed by way of Rotterdam, has been ordered sent by Dutch liners, unless it could be more expeditiously handled by other routes. No German or Austro-Hungarian mail has been sent by British ships.

In New York harbor this week was one of the largest oil-tank fleets ever assembled there. They were British and German ships for the most part, each carrying thousands of tons of oil. Several tankers which left New York before war was declared are said to have been requisitioned by the British government as fuel carriers in the North Sea.

Demoralization of the Foreign Ex-change market and the law which holds shippers liable until delivery is made caused wheat exporters in New York to decline to ship or make any new contracts. Efforts are being made to cancel contracts already made for shipment of 70,000,000 bushels to Europe.

Contracts for securities aggregating \$50,000,000 which it is said represents half of the total of the last days busi-ness on the New York Stock Ex-change have been cleared, deliveries to that amount having been accepted.

The number of unemployed freight cars this week is the smallest since April 1.

A resolution requesting the United States government to establish a bu-reau of war risk insurance to be ad-ministered under the direction of the Secretary of the Treasury by a board of three members, was unanimously adopted by the New York Chamber of Commerce.

Guarded by forty express messen-gers and detectives \$10,600,000 gold coin and \$2,400,000 silver bars* from the German liner Kronprinzessin Cedlie, was sent from Bar Harbor, Maine, in a special train to New York where it was shipped some time since.

The Chicago Stock Exchange, fol-

lowing the example set by the Ex-change in New York, has appointed a committee to supervise dealings be-tween members while the exchange is closed.

Silver market is more active in New York an order for bar amounting to \$2,000,000 to be coined into subsidiary coin was given this week and 52 cents per ounce was paid for it.

President Wilson opposes proposed loan of several hundred million dol-lars through J. P. Morgan & Co. to

French Government as a violation of neutrality.

New York Stock Exchange commit-tee rules that borrowed and loaned stock must be marked to closing prices July 30th at request of either party.

New York Stock Exchange Commit-tee rules that dealings in bonds are subject to same restrictions as govern stock transactions.

French Government has made in-quiry in New Orleans for a large quan-

tity of Louisiana rice.

Wheat touched the highest point on Monday since the war opened. May jumping to \$1.11 1/4.

On Tuesday the Detroit Stock Ex-change resumed business, and nothing untoward happened.

IN THE OLD WORLD

The re-opening of the London Stock Exchange, according to advices re-ceived in New York, appears a mat-ter of the distant future. Many of the

REEDLEY MAN GETS RICH RETURNS FROM 3 ACRES PEACHES

REEDLEY, Aug. 26.—J. A. Milton received \$1223 from three acres of Sellers Orange cling peaches this year. The California Fruit Canners' Association handled the crop from the three acres of trees and gave him a check for the gross amount of \$1223 or \$408 per acre. The Milton ranch is situated three and a half miles west of Reedley.

Milton adopted a very close checking system of his expenses at the beginning of every season. Records show that since the orchard came into bearing thirteen years ago each acre has netted the owner \$140 per year for the first ten years and since then better than \$300 per acre to date. The Miltons have a forty-acre place.

This year Milton kept close check on all the expenses incurred in care of the property for the year and handling of the peaches, and finds the total cost \$71 per acre, leaving a net profit of \$337 per acre. The crop amounted to sixty-one tons.

TO DOCK SOLONS AWAY FROM DUTY

Underwood Invokes Much Non-Enforced Law Against Members of House

WASHINGTON, Aug. 26.—On motion of Democratic Leader Underwood the House voted yesterday to deduct from the pay of members for all time they are absent except in case of illness. All leaves were cancelled. For days the House has been forced to suspend business at times for lack of a quorum.

About 180 members of the House are away from Washington, scattered all the way from Maine to California. Except in cases of illness, all have \$21 a day deducted from their salaries. Cancellations of speaking engagements were telegraphed yesterday by many of the members who had expected to get away for brief periods.

This is the first time that such a measure as the one passed yesterday has been resorted to since the Fifty-third Congress, twenty years ago. The occasion then was an effort to keep members together to pass the Wilson tariff bill, which veteran members of the House said was abandoned after a month. The resolution is based on a law not enforced for years, requiring deduction of the salary for each day's absence except on account of illness of the member or his family.

POPE PIUS IN THE VATICAN WITH OTHER PRELATES

One of the last acts of Pope Pius was the issuing of this proclamation to Catholics all over the world.

"At this moment, when nearly the whole of Europe is being dragged into the vortex of a most terrible war, with its present dangers and miseries and the consequences to follow, the very thought of which must strike every one with grief and horror, we, whose care is the life and welfare of so many citizens and peoples, cannot but be deeply moved and our heart wrung with the bitterest sorrow.

"And in the midst of this universal confusion and peril, we feel and know that both fatherly love and apostolic ministry demand of us

that we should with all earnestness turn the thoughts of Christendom thither 'whence cometh help'—to Christ, the Prince of Peace, and the most powerful mediator between God and man.

"We charge, therefore, the Catholics of the whole world to approach the throne of grace and mercy, and more especially the clergy, whose duty furthermore it will be to make in every parish, as their bishops shall direct, public supplication so that the merciful God may, as it were, be wearied with the prayers of His children and speedily remove the evil causes of war, giving to them who rule to think the thoughts of peace and not of affliction."

AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foamy mucus dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

Pile Up Your Money For a Rainy Day!

ONE of the queerest things about some people is that they will not follow GOOD ADVICE when they KNOW they OUGHT TO. Perhaps we are all more or less that way. All the wise men of all ages have urged their fellow beings to PUT AWAY SOMETHING for a RAINY DAY. Good old Benjamin Franklin's sayings on economy and saving alone ought to make a bank book holder of EVERY ONE. If you have DELAYED, suppose you act HONESTLY with YOURSELF RIGHT NOW.

Los Angeles Produce Market
Owing to the production, things were quiet on the produce exchange, but pretty active on the street, this owing largely to the fact that today will be growers' day, and practically all of the stores around town will be closed. The produce houses will remain open, however.

Receipts of dried fruit have been increasing, and the market instead of going up on account of war is coming down. Apples, apricots, prunes and raisins have declined anywhere from 1/4 to 1 cent a pound, owing to the fact that it is impossible to ship any commodities out of the country. What is true of the dried fruits is true of canned products.

Walnuts and almonds have also declined on old stock. This is due more to the desire of wholesalers and jobbers to reduce their stock on account of the new crop soon at hand. There are conflicting reports on the size of the walnut crop, some authorities claiming there is a shortage of 2,000,000 pounds, while others declare there are that many more pounds than last year. Growers are figuring the crop about the same, and the quality far superior and worthy of higher quotations on this count alone.

Making Sheep Grow Rapidly
One of the most important items in sheep raising is to make them grow rapidly during the summer on grass and to have them in fine condition in the fall to start the winter.

"Music hath charms to soothe the savage breast"—so that explains why men are more susceptible to music than women. It is the truth that all men respond to some kind of music, from Russian to ragtime, according to their tastes. Music is certainly a close second to a man's stomach as a road to that destination—his heart.

County of Orange, California, County Highway Commission.

Sealed bids for the improvement of Section 2, Talbert Road, will be received by the Board of Supervisors and County of Orange, State of California, up to 2 o'clock p. m. of the 2nd day of September, 1914, at their office in Santa Ana, to be there publicly opened and read.

The work is to be done in accordance with the profiles, plans and specifications adopted by the Board of Supervisors and County of Orange, State of California, and in the office of the County Highway Commission, in the Court House.

Copies of plans, profiles and specifications, and also blank forms suitable for use in bidding on said work may be obtained in the office of said Highway Commission, and no bid will be considered which is not in accordance with the form herein referred to.

Each bid must be accompanied by a certified check in the amount of \$500 per cent of the total of the bid, made payable to the County of Orange, as a guarantee that the bidder, if awarded the contract, will enter into a contract for the performance thereof satisfactory to said Board of Supervisors. And in addition thereto, the successful bidder will be required to file a bond in the sum of twenty-five (25) per cent of the amount of the contract, with sureties satisfactory to said Board, as a guarantee of faithful performance of the contract, and a further bond in the sum of fifty (50) per cent of the amount of the contract with acceptable sureties, to secure the payment of laborers, materialmen, etc.

The Board of Supervisors reserves the right to reject any and all bids not deemed advantageous to the County.

By order of the Board of Supervisors of the County of Orange, State of California, made this 15th day of August, 1914.

W. B. WILLIAMS,
County Clerk and Ex-officio Clerk of the Board of Supervisors.

CERTIFICATE OF BUSINESS-FICTITIOUS FIRM NAME

The undersigned do hereby certify that they are conducting a Bicycle and Sporting Goods business at Fullerton, Orange County, California, under the fictitious name of Santa Ana Cycle Company, and that name of said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Elmer T. Beltz, Fullerton, California.
Warren E. Beltz, of Fullerton, California.

Witness our hands this 25th day of July, 1914.

ELMER T. BELTZ,
WARREN E. BELTZ,
State of California, County of Orange—ss.
On this 25th day of July A. D. 1914, before me, F. C. Spencer, a Notary Public in and for the said County and State, residing therein, duly commissioned, and sworn to, personally appeared Elmer T. Beltz and Warren E. Beltz, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

In witness whereof I have hereunto set my hand and affixed my official seal the day and year in this Certificate first above written.

F. C. SPENCER,
Notary Public in and for said County and State.

For Sale—Livestock

PLUMBERS DESIRE A NEW ORDINANCE

Fullerton Tribune: City Trustees held a short meeting Monday afternoon, there being no important business before them for consideration. Purchase of fifty water valves by the water superintendent was authorized. These valves are to be attached to hydrants to prevent the jarring noise of water in the pipes when the fire hydrants are opened or closed.

Complaint was made by some of the plumbers that the ordinance which regulates their line of business needs some alterations. The trustees held that the law is all right in its present form, so far as protection to the public is concerned, and declined to take any action. W. H. Dreyer, the inspector, was heard in reference to complaints that favoritism is being shown, but denied that such is the case and was sustained by the trustees, who came to the conclusion apparently that the trouble is all due to personal feeling and competition among the plumbers. Some other matters of minor importance were considered, the session being given mostly to talk without definite action.

ROEBLING WIRE MILLS PARTLY CLOSED BY STRIKE

TRENTON, N. J., Aug. 26.—A strike of machinists for higher wages and shorter hours partly closed the John A. Roebling Sons wire mills and the Mercer Automobile Works, which they control, and there have been reports of disorder. Governor Fielder said yesterday that he would call out the militia to preserve order in this city and vicinity unless strike conditions improve.

—Reduced rate excursions every Saturday to Yosemite. All necessary expenses 10 days, \$15.00, including Mariposa Big Trees, \$60.00. C. A. Wilcomb, agent, 606 South Spring street, Los Angeles.

BERLIN CROWDS GOING WILD OVER KAISER WILHELM AT BEGINNING OF THE WAR

This is one of the first war photographs to reach the United States from the continent of Europe. It shows a Berlin crowd wildly cheering Kaiser Wilhelm shortly after Austria's assault on Serbia, which

the Germans knew meant their country would shortly be involved with Russia. With the attack on Serbia the war fever rose to dangerous heights in Berlin and it was the attitude of the people as much as anything else which has kept

him on the course he has taken. Whenever he has appeared in the streets or in public since the declaration of war on Russia he has almost been mobbed. Saturday night after the declaration against Russia he drove in from Potsdam

with the Kaiserin and the Crown Prince and Crown Princess through Unter den Linden. The crowds went so wild the authorities could do nothing. The automobiles were halted several times while the admiring Germans cheered their ruler.

PRINCE ARTHUR OFF TO WAR—WINE GIFTS TO ARMY BARRED

LONDON, Aug. 26.—Prince Arthur of Connaught is going into active service immediately. Owing to this fact, his infant son was christened last evening, receiving the name Alastair Arthur.

War Secretary Kitchener announces that no presents of wine or spirits can be accepted for the troops at the front. No consignments of this nature will be forwarded to them.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

Powers of Cities Defined by Court

(From the Los Angeles Financial News.)

For the first time the power of a city over service matters connected with water companies has been clearly defined and established by the Supreme Court of the State. This is set forth in an opinion handed down this week in proceedings in certiorari to review an order of the State Railroad Commission, made June 10, 1913, requiring the Title Guaranty and Trust company and the Miradero Water company to furnish such connections and meters free of charge to the inhabitants of the city of Glendale, the court holding that public utilities must furnish at their own expense, service connections and meters to consumers. Under the decision the city of Glendale may now compel the water companies to furnish service connections and meters free. While stamping the seal of approval on the principle originally enunciated by the Railroad Commission, the Supreme Court does not hold that the Commission has power to enforce the principle, but holds that such power vests in the city of Glendale, inasmuch as the latter has not surrendered its power over public utilities to the Commission.

The two water companies were charging \$15 for water service connections and meters to each consumer of Glendale. The city of Glendale believing

it did not have power to regulate this matter, submitted the question to the Rail Board, which directed that the service connections be furnished free. An appeal was then taken to the Supreme Court. The water companies contended that the Commission had no power to regulate service matters of public utilities in cities of the sixth class, in which Glendale belongs.

The Supreme Court holds that such power is clearly within the domain of the city. As to the principle of furnishing service connections free, the Court holds that the franchise includes the duty of conveying water to the consumers. The inhabitants of the city have been given no right to use the streets to lay pipes. Such a use would be a private use. Making such connections without the right to such private use would constitute unlawful obstructions of the street. The company, therefore, does not perform its full duty except by laying service pipes to the consumers' premises. There exists no law in the State requiring the consumer to lay such pipes. The power to fix rates must include the power to say who shall provide and pay for the meter. It is an incident of the process of fixing the rate. In conclusion the decision declares: "It follows that the Railroad Commission has not yet acquired the power to make regulations of this character for the government of water companies serving the inhabitants of the city of Glendale, and that the order complained of is in excess of its power and for that reason invalid."

FOR THE WORKER IN SOIL

WASHINGTON, Aug. 25.—A "movie" laboratory for manufacture and exhibition of moving pictures—all free—is a new enterprise of the Department of Agriculture, although not generally known outside of the officials and participants. The whole country, however, soon will be gazing upon Uncle Sam's movies—all free.

The films are classed as "educational." They will be exhibited at colleges, universities and state agricultural experiment stations, in addition to many rural centers.

The work is in charge of the Division of Publications. It is planned to distribute reels of the films free, also for exhibition in regular movie theaters.

The most recent motion pictures taken were those of the forest service in the far west. Rangers were taken in action. Indians on reservations were filmed and picturesque mountain and woodland views were secured.

Photos also have been taken of the strawberry industry in Warren county, Ky., showing the berries "from the patch to the plate." Another film shows how congressional "free seeds" are distributed. The dairy industry, picturing co-operative cow testing in Vermont, is the subject of another 1000 foot film.

Preparations of paper from the log to the sheet is the subject of another film, made at Madison, Wisconsin. One of the feature films of Uncle Sam is a "Seeing Washington" film of 2000 feet, taken when boys of various corn clubs were here last fall.

Pictures of the great variety of animals at the National Zoo have also been taken. The "green" operators had some trouble there, a lion objecting to the clicking of the camera while an ostrich tried to kick out its lens.

"No permanent road has ever been constructed or ever will be," is the judicial opinion of Logan Waller Page, director of the office of good roads of the Department of Agriculture. He strenuously objects to the use of the word "permanent" as applied to roads, declaring that the utopia of permanent roads is no nearer solution than perpetual motion.

"The general impression that certain types of roads are permanent is erroneous," said Page. "The only things about a road that may be considered permanent are the grading, culverts and bridges. Roads constructed by the most skillful highway engineers will soon be destroyed by the traffic, frost, rain and wind, unless they are properly maintained. But the life of these roads may be

protracted by scientific maintenance. A poor road will not only be improved by proper maintenance but in time may become better than a good road without proper maintenance."

Hot weather warning to dairymen against holding their milk before shipping it to market has been issued by the Department of Agriculture. Mixing of milk from afternoon and morning milkings for shipments the morning of the day following is deplored by the department. The best practice is said to be to keep both milkings separated, cooled during the night, and then shipped.

Protection of orioles, swallows and nightbirds by cotton growers because of their destruction of the boll weevil is the subject of a unique and helpful document issued by the United States Biological Survey. The bureau has discovered that sixty kinds of birds eat the weevil, but that the oriole, barn swallow, rough-winged swallow, bank swallow, cliff swallow and martin are especially persistent enemies of the boll weevil.

From the standpoint of the farmer and cotton grower, the swallows are declared to be the most useful birds. They are built to capture weevils flying over the fields, which few other birds can and will do.

Even the common blackbird, meadowlark, titlark and killdeer aid in the killing of the boll weevil.

Santa Ana Painless Dentists, 112½ East Fourth St. Main 253.

Ranchers, Dairymen, Fruit Growers and Investors

Are you looking for the following conditions? Abundant irrigating and domestic water, when and as you want it, at very low cost (\$30 per acre for six acre feet); richest loamy, easily tilled soil, containing abundant lime and phosphates, producing enormous crops of alfalfa, grains, fruits and vegetables. Level lands, but with sufficient grade to irrigate easily, that can be cleared and prepared for crops at small cost. Ideal conditions for live stock and poultry. Good markets and railroad transportation. Finest of health conditions, in pure, bracing air, in one of the finest climates in California. Good neighbors, schools and churches and solid banking facilities. The best proposition in the state at reasonable prices and on easy terms. If the above is what you really want, we can furnish it to you, and more too. For full information and printed matter call on or address G. M. REA, 630 H. W. Helms Building, Fourth and Spring Sts., Los Angeles, Calif. A1554 or Main 5101.

GERMAN RESERVISTS CAPTURED
FALMOUTH, Eng., Aug. 26.—The Holland-American line steamer Potsdam, from New York August 15, arrived here yesterday afternoon with 400 Germans and some Austrian reservists on board. The reservists were immediately made prisoners of war, and are now in the hands of the military authorities.

Summer Coughs Are Dangerous
Summer colds are dangerous. They indicate low vitality and often lead to serious Throat and Lung Troubles, including consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c and \$1.00 bottles at your Druggist.—Advertisement.

Horton-Hemstock Co. All kinds of pumping machinery and supplies.

On a hot summer day the temperature in the upper part of a building covered with J-M Asbestos Ready Roofing is from 15 to 30 degrees cooler than with any other roofing. The white asbestos surface reflects the heat instead of absorbing it and transmitting it to the rooms below. This is only one of the exclusive features of

J-M ASBESTOS ROOFING

Besides making a building cooler in summer and warmer in winter, it is the only ready roofing that never needs painting. J-M Asbestos is also the only ready roofing that is fire-proof.

ITS FIRST COST IS THE ONLY COST.
